

EPOS SOLUTIONS CASE STUDY

PROVIDING INNOVATIVE EVENT TECHNOLOGY SOLUTIONS

CHALLENGE

Over the past few years One World Rental have been involved in successfully deploying event technology solutions for outdoor food and wine tasting events across the UK.

We have been providing EPOS solutions and event wifi for on-site exhibitors for food and drink and also charities looking to raise donations.

SOLUTION

Our amazing event staff have are usually on-site for at least 2 weeks designing and installing the network infrastructure ensuring all exhibitors and on-site staff can connect online instantly.

Our event Wi-Fi solutions have been the perfect answers for charity exhibitors taking online donations and signing guests up for raffle draws and competitions.

RESULT

Food trucks and vendors have benefited from with quick and easy payments using our iZettle equipment and iPads.

Key facts:

- ✓ We have provided over 100 tills and iPads for exhibitors at a single food and wine tasting event this year.
- ✓ We have setup event wifi networking systems for the whole event!
- ✓ 5 event staffers onsite providing technical support!
- ✓ Other event technology products provide: receipt printers and cash drawers.
