Event Registration & Check-in

One World Group is a recognised global leader in event registration technology, trusted by leading registration platforms, agencies and organisers to deliver integrated registration solutions worldwide.

From self-service kiosks and badge printing to multilingual staffing, networking and onsite technical support, we combine technology, people and operational expertise to deliver seamless delegate experiences at every scale.

Print Services & Consumables

Our in-house print production facility gives us complete control over quality, lead times and global consumable supply. Producing many of our own products enables faster turnaround, consistent quality and seamless integration with our technology and logistics services.

From event badges, RFID/NFC products, wristbands and lanyards to bespoke event print, *One World Printing* delivers high-quality consumables ready for deployment anywhere in the world.

Technology Partner Services

More than a supplier, One World Group becomes an extension of your organisation, delivering managed services that enable you to outsource the management, storage, maintenance and global deployment of your technology assets to one trusted partner.

From inventory management and worldwide fulfilment to refurbishment, repairs and lifecycle support, we maximise asset utilisation, reduce costs, improve visibility, eliminate operational complexity and give you complete confidence your equipment is secure, maintained and always deployment-ready, wherever it's needed.

Global Technology Procurement

OWR Distribution is the technology trading division of One World Group, supplying new, refurbished and ex-rental equipment for purchase to organisations worldwide.

Through strategic partnerships and authorised reseller relationships with leading manufacturers, we provide competitive pricing, expert advice and rapid global fulfilment using localised delivery depots.

From single-device purchases to large international rollouts, we deliver trusted technology sales worldwide.

Trusted by thousands of clients worldwide

The trust our clients place in us is something we never take for granted. From global brands and event agencies to organisers and exhibitors, we're proud to build long-lasting partnerships through reliable service, technical expertise and exceptional delivery.

★★★★★

Very pleasant event experience. They're one of the best rental service providers for event related stuff ♥

★★★★★

We hired OWR for our Toronto event and they were fantastic. They provided all the screens and technical equipment, and their team was professional, reliable, and easy to work with.

★★★★★

We used One World for a trade event and were really impressed with the communication of the team and quality of the products. Highly recommend for your next event!

★★★★★

We leased payment terminals for a 700-attendee festival, and the service was excellent. Peter was attentive, reliable, and great to work with. Highly recommend them for POS equipment.
