## LAPTOPS FOR CORPORATE EVENTS

### CHALLENGE

A leading bank wants to host graduate training programmes and require **300** laptops.

They also require pre-installed training presentations and have event wi-fi setup for 2 days at their head offices in city of London.

### SOLUTION

Our OWR team arrived early to setup all the laptops, this involved:

- ✓ Checking each laptop ensuring the training files are loading correctly
- ✓ Ensuring all cables are safely secured
- ✓ Setting up and testing event wi-fi networks
- ✓ On-site technical support
- ✓ Training for users
- ✓ Installation of laptops
- ✓ End of event equipment pack-up

### RESULT

Our client was impressed with the professional service that they received from our team and the efficiency of the whole process.

They also stated how quickly all the laptops were setup and ready for their graduates to use with ease.
